## EDUCATION

### JSPM's BSIOTR

BE Computer Engineering - **CGPA - 8.54**

2021 – 2024

Pune, India

### SSVPS's Bapusaheb Shivajirao Deore Poly

Polytechnic - **Percentage - 89.59%**

2018 – 2021

Dhule, India

### Eakveera Devi High School

Secondary School Certificate - **Percentage - 71.60%**

2018

Dhule, India

## TECHNICAL SKILLS

- **Web-Development:** HTML5, CSS, JavaScript, Bootstrap, jQuery, React JS, Express.JS, Node.JS, Tailwind CSS, PHP, Flask.
- **Programming Languages :** C, Java, Python.
- **Database :** MySQL.

## FINAL YEAR PROJECT

### Digital Handwritten Answer Sheet Evaluation System.

- **Technologies:** Python, JavaScript, TailwindCSS, Flask, ML-libraries, NLP, OCR, SQLite
- designed the Digital Handwritten Answer Sheet Assessment System, utilizing Natural Language Processing (NLP) and Optical Character Recognition (OCR) methods to get an 88% accuracy score. Integrated machine learning libraries into Flask for the backend in order to precisely assess handwritten material. Created a responsive and friendly UI with JavaScript and TailwindCSS to improve usability. In order to store and retrieve answer sheet data efficiently and maintain data integrity, a SQLite database was implemented and managed.

## PROJECTS

- **iNote** | PHP, MySQL, HTML, Bootstrap, Js, jQuery  
Created a dynamic note-taking application with MySQL for backend storage and PHP for development. Created a user-friendly interface using JavaScript, HTML, and CSS (Bootstrap). Improved interaction using AJAX to update in real-time without requiring page loads. Ensured data security and application integrity.
- **Personal Portfolio**  
Created my personal website/portfolio.  
<https://personal-portfolio-4255.onrender.com>
- **Personal Journal App** | React JS, Bootstrap, Express.JS, Node.JS  
Developed a user-friendly personal journal app interface using React JS and Bootstrap, allowing easy registration and login. Improved journaling experience with dynamic, time-sensitive notes.  
<https://personal-journal-app.onrender.com>
- **Apple Website** | HTML5, CSS, JavaScript, Bootstrap, jQuery  
Designed a website for exploring and purchasing the latest Apple products with a user-friendly browsing experience and responsive design.  
<https://best-iphone-macbook-ipad-and-headphones.onrender.com>

## INTERNSHIP

### Code Clause

Jan 2022

### Web Development Intern

Remote

- As the Web Development Intern, implemented the tasks for the project, gaining expertise in HTML, CSS, JavaScript, and Bootstrap.
- Skills: HTML5, CSS, JavaScript and Bootstrap.

## CERTIFICATIONS

---

- J.P. Morgan's Software Engineering - Forage
- Azure AI Fundamentals - Microsoft Learn
- Best Idea Certificate - AVINYA State Level Project Competition
